Our Ref:

Dear Leaseholder

Re: Household Buildings Insurance 2009 – 2010

As freeholder and/or landlord of your leased property, the Council is obliged to arrange building insurance to insure your property, your mortgagor and our interests in the property.

Letters were sent to some leaseholders in the last week or so. Please disregard the previous letter as some of the information was unfortunately missing. This letter and insurance schedule replaces the previous and we apologize for the confusion.

Following the consultation process undertaken in 2007 and 2008, the council procured a 3 year contract with Zurich Municipal with the option to extend for a further 2 years. I am pleased to advise that the insurance has been renewed in accordance with this contract. The rate charged by insurers remains the same with a slight increase in cost as sums insured have increased to take into account rebuilding cost inflation.

A summary of your insurance cover is enclosed along with a notice from the insurers, which you need to keep safe in the event that you need proof of insurance when selling or reassigning your property. The coverage remains the same as last year therefore your existing policy booklet that was sent to you last year is still valid. Please contact the Home Ownership team should you require a further copy of this booklet.

The claims handling process remains the same with leaseholders being able to report claims directly to the insurer on 08700 108855 during normal office hours. For claims outside office hours and in emergencies please call the insurers on 08000 159329. Your claim details will be taken over the phone and you will be given an answer on how to proceed immediately. Claims can also be reported to the insurers via email or post (please refer to your policy booklet for further details).

The insurers can provide assistance with obtaining a suitable builder or repairer, or alternatively you are able to use your own preferred tradesperson. If you wish to use your own repairer, you will need to provide your own repair estimate and the insurers will be able to give an answer on how to proceed. The exception to this process are large claims, claims involving common parts and subsidence claims where the housing repair team will have an interest and the insurer will need to appoint a Loss Adjuster to project manage the claim on their behalf.

Please remember to keep your documents safe and do call the Home Ownership team should you require any further assistance.

Yours sincerely,

Dean Wells
Insurance Manager

Important notice

You must inform the Council or other interested party who has arranged this insurance of any changes in circumstances since the last renewal or inception of your policy, even if you are in doubt about any changes.

For example:

- if you have had an extension built;
- if your home is used for any business purposes (other than clerical);
- if you have let your property to tenants;
- if you or any other person permanently living in your home, has ever been convicted or has any prosecution pending for any criminal offence involving arson, fraud or theft;
- if the property is no longer in a good state of repair.

Failure to inform us of any changed circumstances could affect the validity of your insurance cover. If your policy is amended as a result of any change, it may be necessary for us to vary the premium and terms for the remaining period of insurance.

You should keep a record (including copies of letters) of all information supplied to us in connection with this insurance.

If you would like to request a policy document, please contact the Council or other interested party who has arranged this insurance and they will send you one.

Unoccupied properties

In your policy a number of general and specific exclusions apply to your insurance cover. In particular, we would take this opportunity to remind you that if your property is left unoccupied for more than 30 consecutive days, the following Insured Risks (as detailed in the Statement of Policy Cover) will be excluded:

- (4) Malicious damage;
- (7) Escape of water from any fixed tank, fishtank, pipe or appliance and damage caused to such by bursting or freezing;
- (9) Theft or attempted theft.

Please refer to your Statement of Policy Cover for full details. You should consider what precautions you could take to minimise the risk of loss or damage to your property if it is unoccupied.

Fraud prevention and detection

In order to prevent and detect fraud we may at any time:

- Share information about you with other organisations and public bodies including the Police;
- Check and/or file your details with fraud prevention agencies and databases, and if you give us false or inaccurate information and we suspect fraud, we will record this.

We and other organisations may also search these agencies and databases to:

- Help make decisions about the provision and administration of insurance, credit and related services for you and members of your household;
- Trace debtors or beneficiaries, recover debt, prevent fraud and to manage your account or insurance policies;
- Check your identity to prevent money laundering, unless you furnish us with other satisfactory proof of identity;
- Undertake credit searches and additional fraud searches.

We can supply on request further details of the databases we access or contribute to.

Claims history

Under the conditions of your policy you must tell us about any insurance related incidents (such as fire, water damage, theft or any accident) whether or not they give rise to a claim. When you tell us about an incident we will pass information relating to it to a database. We may search these databases when you apply for insurance, in the event of any incident or claim, or at time of renewal to validate your claims history or that of any other person or property likely to be involved in the policy or claim.

It is a condition of renewing your policy that you agree to the information held on the computer and that any incidents you tell us about being passed to the relevant organisation to be included on their database. It is also a condition of renewing your policy that you agree that these organisations may pass to us information that they have received from other insurers about other incidents involving anyone insured under the policy. You can ask for more information about this.

You should show this notice to anyone who has an interest in the property insured under the policy.

Policy administration

Zurich insurance plc holds your details in accordance with the Data Protection Act 1998. In order to administer your insurance policy and any claims made against the policy, Zurich insurance plc may share personal data provided to us with other companies within the Zurich Financial Services Group and with business partners, including overseas companies. If we do transfer your information, we make sure that it has the same level of protection that it has with us under all relevant legislation within the UK.
